Irin Gerrel Fisher

061 555 1554| irin.fisher@live.com | Johannesburg, South Africa

Professional Summary

Experienced ICT professional with over 13 years of expertise across finance, telecoms, manufacturing, insurance, auditing, CIT, and government sectors. Skilled in full-stack development using the Microsoft stack (C#, .NET, SQL Server) and front-end development with Angular, delivering clean, enterprise-scale applications. Strong background in cloud platforms (Azure, AWS) and enterprise system integration. Proven track record in solution engineering, implementation, and stakeholder collaboration. Passionate about delivering scalable, secure, and innovative solutions.

Core Skills

Programming:

- C#, .NET Framework/Core, EF Core, Angular, React, Vue, JavaScript, TypeScript, HTML, CSS, SQL, Python, Java, Groovy

Cloud & DevOps:

- Azure (App Service, Functions, Storage, SQL DB, DevOps, GitHub Actions), AWS (S3, Redshift, SageMaker)
- Vercel auto-deploy workflows, Docker, Git/GitHub branching strategies, CI/CD pipelines

Data Management:

- SQL Server, Oracle, Redshift, Informatica ILM/TDM, Delphix, Data Masking, Archiving, Virtualization
- Data integration and migration scripting, CSV export automation

Security & Governance:

- Data Privacy, OneTrust, Access Control, Compliance, Secure Integration
- Enterprise-grade deployment reliability and rollback readiness

Integration & Automation:

- REST APIs, Azure Functions, UiPath RPA, Octopus Deploy, Redgate, Celonis
- Hybrid architecture: C# backend with Python ML microservices and plug-in AI models

UI/UX & Design Systems

- Responsive, theme-aware dashboards (Material UI, Tailwind, Chart.js)
- Animated backgrounds, accessibility improvements, premium design effects

Collaboration & Delivery:

- Agile, Technical Training, Stakeholder Engagement, Pre-sales Support, Documentation
- Intern team leadership, onboarding guides, reproducible workflows

Professional Experience

Senior Developer / Solutions Architect **(Consulting Support)** ***- Alpha Secure Networks — Johannesburg***

Jan 2026 – April 2026

- Lead intern teams on technical delivery, architecture, and stakeholder communication across multiple platforms.
- Directed content and design updates for Alpha Secure Networks' blog, newsroom, partnerships, team, case studies, and white papers.
- Implemented enterprise-grade deployment workflows (local testing, Git staging, Vercel auto-deploy, rollback readiness).
- Scoped and delivered reproducible migration scripts and onboarding guides for intern teams.

Senior Software Engineer / Technical Lead **(Consulting Support)** ***- Assend Creatives — Johannesburg***

Jan 2026 – April 2026

- Designed and delivered responsive, theme-aware dashboards with React, Material UI, and Tailwind.
- Architected hybrid solutions integrating C# backend with Python ML microservices and plug-in AI models.
- Enhanced UI/UX with animated backgrounds, accessibility improvements, and premium design effects.
- Collaborated with stakeholders to align technical delivery with creative brand strategy.

Developer / Solutions Specialist (Consulting Support) - KpexOne — Johannesburg

Aug 2025 – Jan 2026

- Developed and maintained full-stack applications using .NET Core, Angular, and SQL Server.
- Implemented secure API integrations and optimized data workflows for enterprise clients.
- Supported project architecture, intern onboarding, and Git/GitHub branching strategies.
- Delivered technical documentation and training to ensure adoption and maintainability.

Technical Analyst / Solution Engineer – Signature Business Solutions / Fidelity Services Group

June 2025 – Dec 2025

- Designed and delivered customized technical solutions aligned with client requirements.
- Architected scalable, maintainable software and system integrations.
- Developed Angular front-end components integrated with backend APIs, ensuring clean UI and enterprise-scale usability.
- Managed full-cycle project delivery from scoping to deployment and handover.
- Led stakeholder engagement, requirement gathering, and solution demonstrations.
- Provided technical support, training, and documentation to ensure adoption.

Software & Systems Specialist – PKF Octagon

June 2024 – Sept 2024

- Supported firm-wide IT systems including Office365, GreatSoft, CaseWare.
- Implemented and maintained IT systems, backups, and security protocols.
- Automated internal processes and evaluated new software solutions.
- Contributed Angular-based dashboards for internal reporting and improved user experience.
- Provided end-user support and conducted IT security assessments.

Implementation Specialist – Cash Processing Solutions (CPS)

July 2023 – Jan 2024

- Implemented CPS ECM software for banks and cash processors.
- Led client requirement gathering, configuration, and deployment.
- Built Angular front-end modules to support ECM workflows and enhance client usability.
- Delivered training and supported pre-sales activities.
- Worked with global teams to ensure successful solution rollout.

Technical Consultant / Implementation Lead – Blue Turtle Technologies

April 2014 – April 2023

- Customized and implemented enterprise software solutions for clients.
- Managed project plans, timelines, and client communications.
- Delivered Angular front-end components for enterprise clients, collaborating with UI/UX teams to ensure seamless integration with backend systems.
- Delivered training, documentation, and post-implementation support.
- Supported pre-sales demos and technical proposal development.

C# Developer – Kindle Technologies

Nov 2013 – Mar 2014

- Developed and maintained C#/.NET applications.
- Collaborated with cross-functional teams to deliver scalable solutions.

C# Application Developer Consultant – SA Outsourcing

Nov 2011 – May 2013

- Designed and implemented client-specific software applications.
- Provided technical support and system integration services.

Systems Developer – Bruma Finance

Jul 2011 – Sept 2011

- Developed and maintained internal systems to support operations.

Various Roles – Standard Bank

2009 – 2011

- Acting Team Leader, Document Management Officer, Account Management Consultant.
- Led document quality control and customer retention initiatives.

Stock Controller – Game NorthGate

Nov 2007 – Jan 2008

- Managed stock control and floor sales operations.

Education & Certifications

- Higher National Diploma in Information Technology – CTI Randburg / University of Greenwich (UK), 2008–2009
- Matric – Roosevelt High School, 2007
- Microsoft Azure Fundamentals – SkillUp/Simplilearn, 2022
- AWS Cloud Practitioner & Business Professional – AWS, 2020
- Informatica Data Privacy, TDM, ILM, MDM – 2015–2020
- UiPath RPA Developer & Implementation Methodology – 2019
- Delphix Data Masking & Presales Engineering – 2022
- Quest Data Management & erwin Accreditations – 2021
- OneTrust Certified Professional – 2020
